Union of Hong Kong Dockers

Dear Members of the Union of Hong Kong Dockers,

We convey our deepest respect for your strike, which started on March 28 demanding higher wages and improved working conditions.

On behalf of 12,000 members of the All Japan Dockworkers' Union (Zenkowan), I express enthusiastic solidarity and unity in support of your fight.

It may be difficult and take time to fight to win against Hutchinson, a global container terminal operator. It is a great challenge and issue for all dockworkers around the world to fight against global container terminal operators that destabilize the employment of dockworkers and generate profits by making work conditions worse.

We applaud your decision to stand up and fight. We assure you that we, overseas union members, will support your struggle against unreasonable and unjust suppression by Hutchinson and the authorities and support your strong solidarity until you are victorious.

In deepest solidarity,

Akinobu Itoh

President
